

Using your handsfree intercom monitor

1. When your unit is called, the monitor bell will sound, and the image of the visitor will show onscreen.
2. Press the Speak button, to see and talk with the visitor.
3. Press the Key button to allow the visitor entry via door they are at.
4. Press the Double-dot button to release the lift to your level for a short period while the visitor makes their way to your unit. (If available)
5. Press the Speak button to end the call.

When a visitor calls, follow each of these steps

1. The visitor image will display
2. **Speak Button:**
Press to open call & speak
3. **Key Button:**
Press to release door
4. **Double-dot Button:**
Press to release lift
5. **Speak Button:** Press to end call
